Pre-placement assessments	Health questionnaire with follow-up where needed, and advice on adjustments	Your duty to consider reasonable adjustments	Remote or clinic
Management referrals	Sickness absence, return to work and workplace adjustments	Your absence and wellbeing policies	Remote or clinic

Prices

Prices are tailored to the number of employees, the services you need and where they are delivered. Request a proposal and we will send fixed prices per employee or per session.

Clinical independence

We advise employers on fitness for work, adjustments and likely timescales. We do not disclose clinical diagnoses or medical records, and nothing is shared without the employee's agreement. Occupational health records are kept separate from our patient records.

How contracting works

1. Tell us what you need. We reply within 5 working days.
2. We send a written proposal with scope, schedule and fixed prices.
3. We sign a service agreement and data processing agreement before any work starts.
4. We book appointments for your staff and send regular management reports.
